

Letter Bus

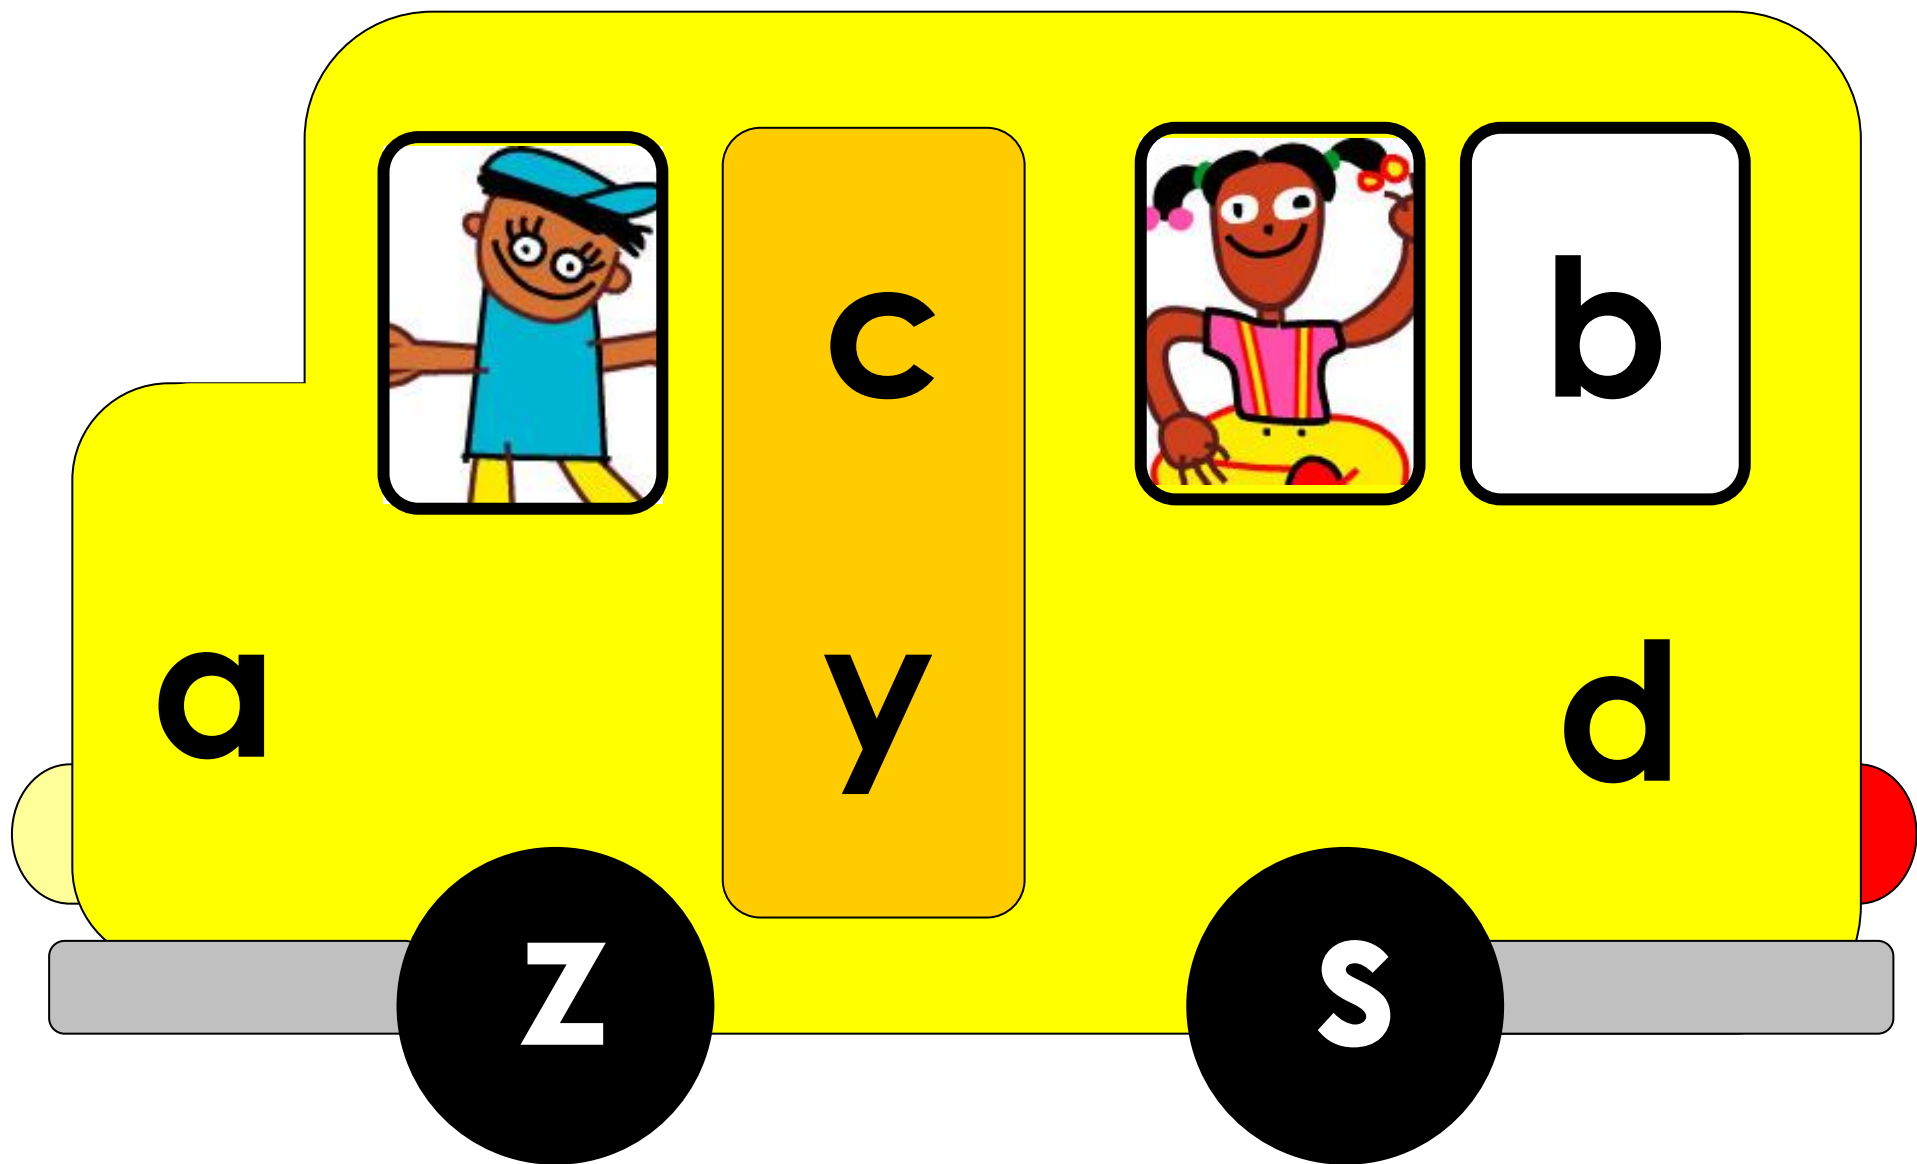

To Assemble: Copy bus mats and letter cards onto cardstock and laminate. Cut out letter cards

Two ways to do activity:

- Match lowercase letters to lowercase letters by covering each letter on a bus with a matching lowercase letter card.
- Match uppercase letters to lowercase letters by covering each letter on a bus with its corresponding capital letter card.

To Manage Center: I put a different colored dot sticker onto each of the bus mats (look in office supplies) and then I put that same color of sticker on the back of each of the letter cards that go with that mat. I put each bus mat into a gallon sized Ziploc bag along with the letter cards (either upper or lowercase) that go with that bus. This ensures easy sorting if cards get mixed up.

Teacher Tip: I usually start my students out matching lowercase letters to lowercase letters and when they master that activity, I move on to matching uppercase letters to lowercase letters.
